• Why NTPEP is valuable to each AASHTO Member Department
• Growth of NTPEP (2012-2015)
• Purpose of increasing annual state contribution fee
Why NTPEP is valuable to each AASHTO Member Department

- Combines the professional and physical resources of the AASHTO Member Departments in order to evaluate materials, products and devices of common interest for use in highway and bridge construction

- Primary Goal- provide cost-effective evaluations for the AASHTO Member Departments
• Simplify the product evaluation process
• Make it more cost-effective for both the manufacturer and the end user.
• Reduce duplication of effort by State DOTs.
• Serve as a “One Stop Shop” for Manufacturers of engineered products.
